ECR GROUPS

It is essential that Early Career Researchers (ECRs), take an active role in the programme. This is why, we created ECR working groups :

	Monday	Tuesday	Wednesday	Thursday	Friday
		Summary of previous day by Groups 1&2	Summary of previous day by Groups 3&4	Summary of previous day by Group 5	Summary of previous day by Groups 6&7
09:00	Meeting opening				
09:15 09:30 10:05	Group 1	Group 3	Group 5	Group 6	
10:20	Coffee break	Coffee break	Coffee break	Coffee break	Coffee break
10:40 11:00 11:20 11:40	Group 1	Group 3	Group 5	Group 6	
12:00	group discussion	group discussion	group discussion	group discussion	group discussion
14:00 14:15 14:40	Group 2	Group 4	Excursion	Group7	
15:05	Coffee break	Coffee break		Coffee break	Coffee break
15:25 15:45 16:05	Group 2	Group 4		Group 7	
16:25	group discussion	group discussion		group discussion	group discussion
17:00	POSTER SESSION	POSTER SESSION		POSTER SESSION	POSTER SESSION

Each group consists of 4 persons and each group is assigned to one half-day in the program (see second sheet in the attached file) and will be asked to report (in ca. 10 min) next day on what happened during this allocated time in the program. In other words, we are hereby asking you the following...

- Group 1 will report on day 2 on what happened during the 1st half day
- Group 2 will report on day 2 on what happened during the 2nd half day
- etc... as planned in the table above

The report should trigger discussion during the day and should consists of :

- a summary of the scientific content
- an highlight of what you feel was important
- an highlight of what was unclear
- etc... in ca. 10 min (or less)

To achieve such a report, we do expect that...

- you interact among you within the group
- you interact between groups
- you get in touch with all speakers that are planned in your allocated time, as soon as possible (possibly before the event and certainly during it)...
- and finally enjoy doing all of that!

A group summary in written form as well in ca 1-2 pages sould be drawn up.
